Good morning,

See below email from James.

Moheb,

Thank you for reaching out. The project will be a Tenant Improvement and I gave the owners our city hand out last time we spoke at the counter.

I also explained to them that the over all concept has to be approved by planning first before they put a lot of money into the plans.

Please move forward with a meeting with planning as soon as you can. I will be back the week of the 6th however the city reopens after the holiday on the 2nd.

Thank you,

James Caro
